Additional Charges

We offer a voluntary and optional termly arrangement with parents prior to the commencing term regarding additional hours, consumables, non-consumables and additional services that we provide as an extra.

We ask parents to decide on a term-by-term basis whether they want to opt in or out of any charges for food, consumables or additional services.

If you opt-in the suggested charges will be

- £1 per morning snack
- £15.00 termly cost for Non-Food Consumables

(Items that your child may use such as nappies, wipes, PPE, bags for wet clothing, sun lotion)

- £35 termly cost for Additional Services

(services such as guest visits, Santa visit, end of term entertainer, farm trips, seasonal gifting, sports day, nativity)

If you opt-out of the additional services

- Please bring your own morning snack

(Must be pre-cut fruit only)

- Please supply your own non-food consumables

(Items will be left in your child's bag and used as and when needed)

- We will endeavour to include all children in special events but if funding is not available, we will aim to provide a free alternative.

These charges are not mandatory and the above suggested opt-in figures are optional and not fixed.

If you prefer not to pay the suggested contribution for snacks, non-food consumables, or additional services, but would like to offer an alternative amount, please inform the supervisor or administrator so that your invoice can be adjusted accordingly.

Experiences & Resources we Offer

We are an independent Pre-School. We are not paying franchise fees or association membership fees. We charge for consumables and experiences which are above and beyond the requirements of the Early Years statutory requirements, which all children benefit from. These activities and experiences meet individual needs, interests and development needs.

We occasionally hire specialist learning visitors/organisations for additional experiences.

We buy themed stickers, general stickers, stamps and reward gifts throughout the year for children to be rewarded for their achievements and behaviour.

We regularly replace our outdoor play sand and child safe soil.

For World Book Day, we give FREE Books to every child.

We provide a learning journal that is full of delightful images captured and then printed for your viewing.

For Mothers/Father's Day, we buy additional decorative items for the children to make something special to take home.

During April, we plant seeds and buy compost and plants to make our outdoor environment pretty.

Easter is a time of Easter Egg hunts! We buy Easter decorations and send each child home with a gift bag.

Occasionally we order caterpillars to feed and grow into butterflies so the children can see first-hand the lifecycle of a butterfly.

At Sports Day, we present each child with a certificate, medal and a treat.

Sun cream should be provided by parents but we also stock a high-quality sun cream in case a child requires it.

For graduation, we present leavers with a gift and a child's bible as a keepsake.

At Christmas, we have a visit from Cookie the Clown and Santa, who presents a gift to each child.

What you get for FREE (all children)

Water is of course, always available.

We include whole milk and semi-skimmed milk.

We do not charge for EYFS consumables such as paint, glue and everyday paper and craft materials.

We do not charge for EYFS experiences such as visits by the Police or Fire Service or visits to the park.

We do not charge for running costs.

Where we can throughout the year, we work with charities to receive donations of resources and materials.

When we can, we make the most of our rural setting, neighbouring services and parents who can share their skills and expertise.
